### **\*\*Vaccine Prices & Availability Are Subject to Change\*\***

*\*Vaccines cannot be denied for failure to pay the service charge for vaccines provided by the Wisconsin Division of Health (State of Wisconsin HFS 146 & State Statute 252.04(2).)*

Please be aware that due to changes with the Affordable Care Act, clients who have insurance coverage for vaccines will not be able to receive vaccines at local health departments. This includes those plans which cover vaccines but have high deductibles and/or co-pays. Clients will need to visit their primary health care provider for their vaccines. Uninsured children and children covered by Medicaid or Badger Care may continue to receive their immunizations at their local health department or from a private health care provider. To schedule an appointment, please call the Health Department at (262) 284-8170 or (262) 238-8170 for the Port Washington office and 262-335-4462 for the West Bend office.
