Wednesday after Labor Day

Site Supervisor – Ron Swihart

Town of Belgium  
262-285-3326  
townofbelgium@verizon.net

## RECYCLING

All of us need to do our part in separating our recyclables in order to keep our costs down. All containers should be emptied and rinsed. Plastic, glass, aluminum, steel and tin are comingled in one recycle bin. Paper must be placed in a separate bin. The following methods should be followed at the Transfer Site/Recycling Center:

**Plastic #1 thru #7:** *DO RECYCLE* milk, juice, soda & water containers, detergent & fabric softener containers, health & beauty aid product containers, household cleaners, margarine and yogurt cups, 6- & 12-pack rings, syrup and ketchup bottles, kitty litter containers.

*DO NOT RECYCLE* insecticide or hazardous chemical containers (dispose with hazardous waste), plastic grocery bags (take to your local grocery store), plastic film, styrofoam or polystyrene material, plastic toys, spray nozzles and pumps.

**Glass:** *DO RECYCLE* glass containers such as applesauce jars, perfume bottles, wine and beer bottles. Clear, green and brown glass are acceptable.

*DO NOT RECYCLE* windows, mirrors, light bulbs, pyrex dishes, dinnerware, ceramics, chemical or medical containers.

**Aluminum, Steel & Tin:** *DO RECYCLE* aluminum cans, trays and foil, steel and tin cans in the form of food and beverage containers.

*DO NOT RECYCLE* flatware, tools, siding or gutters.

**Paper:** *DO RECYCLE* newspapers, magazines, cardboard and mixed papers such as corrugated boxes, brown paper bags, cereal/cake boxes with plastic liners removed, paper egg cartons, junk mail, envelopes including window envelopes, catalogs, telephone books, paperback books, hardcover books with front and backs removed.

*DO NOT RECYCLE* bathroom waste paper, food stained papers like pizza bottoms, foil or glitter gift wrap, carbon paper, cellophane, styrofoam, stickers, wet paper products and those containing plastic, wax or metal foil coatings. Remove hot melt glue used to adhere ads to magazines and mailings.

*Please keep the paper bin free of other trash for cost-efficient paper recycling.*

Contact the following organization to get yourself off mailing lists to reduce your junk mail: [www.dmachoice.org/consumerassistance.php](http://www.dmachoice.org/consumerassistance.php)

## HOUSEHOLD HAZARDOUS WASTE (HHW)

*\*Veolia Special Services located at 1275 Mineral Springs Dr. in Port Washington collects HHW MONDAY ONLY from 8 a.m. to 5 p.m. Fees are charged on a per pound basis. Hotline: 262-243-8998*

Lead acid batteries, major appliances, used oil, yard waste, aluminum containers, corrugated paper and other container board, glass containers, magazines, newspapers, office paper, plastic containers, steel containers, tires and bi-metal steel/aluminum containers are banned from landfills.

If you are interested in further information regarding hazardous waste disposal and alternatives, ask Ron for printed materials.

Earth911.com is a resource for other locations to dispose of HHW properly. Type in your zip code for the nearest drop-off locations.

## DISPOSAL OF ELECTRONICS

WI's new electronic recycling law is effective January 1, 2010. This law requires manufacturers to collect or contract with others to collect devices such as computers, monitors, printers, fax machines, TVs, VCRs, DVD players and cell phones. These items cannot be placed in the compactor. Electronics are considered Hazardous Waste and must be recycled.

▶ \*Veolia Special Services with a fee of \$25 per computer and \$.35/lb. for other electronics on MONDAY ONLY.

▶ Best Buy in Grafton – most items free, \$10 charge in some cases with a \$10 gift certificate. More info: [bestbuy.com/recycling](http://bestbuy.com/recycling)

▶ Milwaukee PC in Mequon – free disposal of computer parts only. [milwaukeepc.com](http://milwaukeepc.com)

MyGreenElectronics.org is a site to search for electronics recyclers by location and product type.

If you are aware of a 'clean sweep' drive, please contact the Clerk at 285-3326 so we can pass on the information to other residents.

## RECYCLE YOUR CELL PHONE

Turn in your old cell phone at any vehicle emission testing station.
