Mr. David Salvaggio, town of Cedarburg supervisor. Concerns regarding the intersection of CTH Y and CTH C. The safety issues of this intersection need to be addressed as this is a very dangerous intersection. Heavy traffic on CTH C from Wausaukee Road heading east. He's beyond the point of surveys being done on this intersection. Possibility of reducing the speed limit or signage? Requesting the Traffic Safety Commission to do something about this intersection.

Lt. McCormick there is not a physical problem with the intersection; it might be a driver perception issue.
