About the Saturday Sessions...

Every Child Counts: Building Community (8:30-10:30 am)

Jamal seems different from the rest of the children in your group. He usually plays by himself and when he asks to join others in play, they usually say, "No." This program will help you learn how to bring out nurturing, caring behaviors in children to create a community where children support each other. You'll learn ways to help Jamal and others like him to rise from being loners in the group to being leaders. **(Penn State Better Kid Care DVD Series)**

Building Relationships with Children Who Challenge Us (10:30 am-12:30pm)

Have you ever been secretly pleased when one of the children in your group is absent? Some children are more difficult to work with than others. This professional development program will help you take an honest look at children and your feelings about them. Explore what professionals can do to build positive relationships with all children—even the ones who challenge us. **(Penn State Better Kid Care DVD Series)**
