**Discussion and Possible Action Items:**

- Judge Malloy and Public Health Strategist Valerie Grimm visited Waukesha Drug Treatment Court on March 20, 2019 and were able to observe staffing and court.
- Judge Maria Lazar offered to come and speak at a CJCC meeting if the Council would be interested.
- Many counties in Wisconsin have programs such as Adult Drug Court, OWI Court, Veteran's Court, etc.
- Waukesha has a separate OWI Court from Drug Treatment Court
- Roughly 80% of TAD cases are multiple drug use (alcohol & opiates, marijuana, etc.)
- Expected that counties will continue to move towards treatment court approach; grant funding will continue to be available
- Drug Court research shows promise in lowering general and drug-related recidivism rates, lowering costs and improving access to substance abuse counseling and treatment.
- Concern that the level of time and staff required to successfully run a drug treatment court is not feasible in Ozaukee County
- Discussion on approach Washington County is taking
- Could we contract or "share" staff from another county?
- To what extent is an "abbreviated model" effective?
- Walworth County may be more similar to Ozaukee than Waukesha County
- Judge Malloy plans to speak with Judge Martens in Washington County and Judge Reddy in Walworth County.

**Adjourn:**

The meeting closed at 1:42pm.

A quorum of members of committees of Ozaukee County Board may be in attendance at this meeting for purposes related to committee or board duties, however, no formal action will be taken by the other committees or board at this meeting.
