MEETING MINUTES
Moved by Ms. Deiss seconded by Ms. Buntrock to approve the May 17, 2019 minutes, as presented. Motion carried.

BOB WAITE: 211 PRESENTATION
Bob Waite, Senior Account Manager for Impact 211 was in attendance to present the program to the Board. Impact 211 is funded by private foundations, grants, and pass-through funding from municipalities and local governments and has been available throughout Wisconsin since 2002. 211. Mr. Waite discussed the large focus recent assessments have had on heroin or opiate usage and the role that 211 plays in maintaining information on community-based organizations that are available as resources to help the public. Impact 211 also collects data, takes damage reports, and connects people to resources during emergencies and is currently looking for help with marketing their services.

Donald Clark left the meeting at 8:51 am.

CATHY CERO-JAEGER: SEXUAL HEALTH COALITION UPDATE
Cathy Cero-Jaeger gave an update from the recently formed coalition, which will be formally voting on a coalition name and mission statement at their next meeting. Current goals of the new coalition are to explore ways to partner with schools and parents regarding student relationships, develop a toolkit for parents, and create a resource guide for the Health Department. No further updates were given.

COMMUNICABLE DISEASE REPORT
Diana Noack, Nursing Supervisor for the Health Department briefly discussed recent increases in Legionella cases and animal bites, which are typical for summer months. So far the department has sent in one deceased bird to be tested for West Nile disease, which tested negative.

NEXT TENTATIVE MEETING DATE
The next Board of Health meeting is tentatively scheduled for September 20, 2019.
1 ADJOURNMENT
2 Chairman Kriefall adjourned the meeting at 9:52 a.m.
