OZAUKEE COUNTY PARK AND OPEN SPACE PLAN SURVEY – REQUESTING YOUR INPUT

Ozaukee County Residents, keep an eye on your mailbox! The Ozaukee County Planning and Parks Department is working with UW River Falls to send out a survey requesting your feedback on the County’s parks and open spaces.

For many, access to parks and open spaces are important to their quality of life. Ozaukee County is currently in the process of updating its County Park and Open Space Plan, and wants that plan to reflect the preferences of its residents. This survey is one way for us to hear from a broad cross-section of County residents.

If you are randomly selected to participate in the County Park and Open Space survey questionnaire, we anticipate the survey to arrive in your mailbox around February 12, 2020 and expect it would take no more than 10 minutes to complete. We hope you will complete the survey, and return it in the provided postage-paid envelope. For those randomly selected, there will also be an online version of the survey available. A random selection of residents may also receive the survey questionnaire by email, we hope that you will also take time to complete it.

If you have questions about the survey, please contact the Ozaukee County Planning and Parks Department and keep a look out for future public meetings related to the Park and Open Space Plan update.
