Mock Tornado Watch and Drill

April 11-17 2021 is Wisconsin's Tornado and Severe Weather Awareness Week.

Therefore, on Thursday, April 15th at 1:00 the Lasata Campus will be participating in Wisconsin's Mock Tornado Drill.

On Thursday, April 15th, a statewide tornado drill is planned. A mock tornado watch will be issued statewide by the NWS at 1:00 pm. A mock tornado warning will follow at 1:45 pm with the drill ending at 2:00 pm. The mock alerts will be issued on NOAA Weather Radios and many communities will sound their tornado sirens.

PLEASE REVIEW THE LAST PAGE OF THE NEWSLETTER. I've included the page from the Crossings Tenant Handbook that deals with severe weather. Please read and familiarize yourself with what to do in case of severe weather.

Also, we will be reviewing the procedure prior to Bingo on April 14th at 1:15PM in Activity Room 1.
